All Orbit Products Returned for Service must include:

- 1) If your return is a warranty claim, obtain approval for return first, then be sure to include a copy of your purchase receipt with your charger.
- 2) Complete shaded areas of repair form, explain issues in full detail, use the back if needed.
- 3) A credit card number to apply return shipping and any non-warrantied repair charges.
- 4) Your approval to make non-warrantied repairs up to \$50 is presumed unless otherwise stated.
- 5) If your unit is in the warranty period and has a non-warrantied fault you will be informed so you may choose to make repairs or not.

∼Note: If your board/charger must be returned to Germany for repair, actual charges for postage to Germany will be added to Orbit's repair charges invoice amount ∼Non-Warranty Calibration Charge is \$35. Note, every charger sent in for warranty service or repair of any kind is returned calibrated. Most repairs will be under \$50 plus return shipping of \$12. We will contact you if your repairs will be more.
